Plans for the future of Ludgershall

Aylesbury Vale is preparing its Local Plan* for its area and Ludgershall in particular. This will include requirements for new housing, transport, and other facilities.

When it comes, villagers may have concerns about Aylesbury's Plan. If a majority of the village can agree on the special needs of Ludgershall, it can produce a 'Community Led Plan' that will have influence on future planning applications.** The Parish Council has therefore set up a small committee to canvas the opinions so that, if necessary, we can produce a Plan that reflects everyone's concerns.

As a first step to help us get started we need to find out your concerns for Ludgershall. Please would you fill in the questionnaire overleaf and return to Peter Darvas, Rookery Farm, Bicester Road, Kingswood HP18 0RB or to any Parish Council member.

Alternatively you could email your concerns to the Parish Clerk at 'ludgershallpc@outlook.com'

We will make a summary of the survey available on the Ludgershall web site
[https://ludgershallparishcouncil.org.uk/]
before preparing a formal Community Led Plan, if that is deemed necessary.

Many thanks
